

# CERTIFICATE OF COMPLETION

This is to certify that

**Adefolahan Akinsola**

has successfully completed the course on “Understanding Costs and Financial Modelling”. This course has the goal of helping participants to:

- Understand different types of business costs, and how these costs affect an early stage venture,
- Learn the difference between costs, price and value, and how they affect decision making from both the customer and entrepreneur’s perspectives, and
- Develop strategies to help determine the price of a product or service.
